The Tools of Freedom from Mind-control and the Effects of Nano-technology

The Inner Technology to Cancel Out Nano-technology

Setting up the Ceremonial Space

The Center Stack:

On the floor or under the area where you will be lying:

- Place the Power Wheel to Remove All Mind Control.
- On top of that place the Power Wheel to Remove All Nano- technologies.

The Stack of Wheels at Your Feet:

- Right below your feet, place the 18 Wheels to Cancel Out Mind Control – highest number is at the bottom and the lowest number is on top.

The Ring Around the Area Where You Are:

- In a clockwise manner, place the 8 Shields of Freedom in a ring around you. Shield 1 is at your head when lying down. (When the ceremony is completed, pick up the Shields of Freedom is a counter-clockwise direction.)

The Protocol to Activate the Inner Technology

- While listening to the music of the Amfa-pabian and lying over the center stack, envision the 18 Wheels to Cancel out Mind Control moving through your body. As you listen to the music, envision them moving through you one by one, starting at your feet and moving out through the top of your head.

- The pace of movement of the wheels through your body will require that you play the music 3-4 times. A small music player can be in the ring with you or loop the Amfa-pabian music to play over and over.
